

Theater Snow FAQs

1. Q: What is theater snow used for?

A: It can be used for displays in sets or store windows. It is also designed to go into our [Theater Curtain](#) product. Movies sets all over the world have used it. Put it on window ledges and roof tops. Floats like the real thing.

2. Q: What is it made of?

A: Shredded Polyethylene Plastic Flakes. Floats like snow but stacks on the ground like real snow.

3. Q: What sizes are the flakes?

A: They are in a range of random sizes to make it look like snow. Some as small as a 1/4 inch and up to 3/8 of an inch.

4. Q: Can you walk on the theatre snow?

A: Yes, you can walk on it. It will leave foot prints.

5. Q: Can you make snowballs?

A: No you cannot make snowballs with theater snow. You can use [Faux Snow](#), however. It makes perfect snowballs.
